\$1.00 PER YEAR.

Notice of Half - Holiday!

VILLAGE OF LOMOND

NOTICE IS HEREBY GIVEN that the Council of the Village of Lomond has duly passed a By-Law determining a half holiday each week, and I hereby declare each Thursday afternoon, beginning May 15th, a legal holiday, as governed by provincial regulations, and all business places are required to close at twelve o'clock noon.

W. A. TESKEY, Reeve.

Dugald McArthur Perishes in Blizzard

As stated in the last issue, the worst blizzard in the history of homesteading days in South Alberta raged over the greater part of the district beginning Friday afternoon and continuing till Sunday morning. The storm appeared to be general from the west and the wind was a regular gale. To the east it did not come in the nature of snow to such a great extent, even at Bow City the difference was marked.

While everyone was glad to have the assurance of moisture even at the expense of a good deal of discomfort there are aspects in connection with the storm locally that deter from general exuberance. In the first instance Dugald McArthur, one of the old pioneers and originally owner of the land now occupied by the Lomond townsite perished in the storm. He had gone Jas. Williamson's place some eight miles south-west of town, to the valley for a load of water, apparently leaving around Friday noon. Ole Sokvitne found him dead beside his wagon about

half a mile off the trail on Monday morning covered by a drift of snow. He evidently had gotten lost in the terrific storm and unhooking the horses was overcome with exposure. Several from town went out and brought in the body, leaving it at his residence till the authorities could arrive and authorize disposal. Provincial Police Allen of Vulcan came over and after conducting an investigation, funeral arrangements proceeded with and the interment made in the Lomond cemetery on Wednesday afternoon.

Another distressing feature of the storm was the destruction of hundreds of cattle and horses. Cattle from the lease broke through the fences and are yet scattered all over the district east of town. A great number of farmers tributary to Lomond suffered along the ranchers both in cattle and horses.

In town everything presented an arctic appearance. Banks were drifted in some places ten feet deep, but the warm summer sun has pretty well attended to the disposal of the same already. The railway crossing both north and south of town were impassable and it caused a good deal of cussing on the part of the motorists.

The farmers were quite willing to welcome the storm as wheat seeding was practically completed and the snow besides providing moisture acted as a packing element to the land.

G. D. Salter is making alterations to his store to make more space for the display of merchandise.

The Hartwick Brothers claim that they lost around two hundred head of cattle in the storm that died and around a thousand strayed away.

Mr. and Mrs. W. A. Smith are away

to Rochester, Minn., where Mr. Smith expects to obtain surgical aid toward the recovery of his lingering illness.

The son of Mr. and Mrs. Hartley of Badger Lake who had been away at the front since the beginning of hostilities arrive home last week, accompanied by his wife.

Mr. and Mrs. C. A. Bacon came up from the States last week. Mrs. Bacon is daughter of Mr. and Mrs. Cowell of the Commercial Cafe. Mr. Bacon has established himself in Lomond in the auto painting business at present.

Numbers don't always win. Look at the poor misguided German army. Quality—that clean, crisp, unmistakable something that we all know the minute we see it—is what counts.

Duke Armstrong and Bobby Shields attended the Base Ball meeting held in Travers Thursday evening. The schedule for the season was decided on.

Mrs. Clever of Calgary, sister of Mrs. D. Watkins and Mrs. Cowell of Lomond, was in town over Sunday, getting caught during the blizzard.

Mrs. L. M. Swain is quite ill.

At the next meeting of the U. F. A., tomorrow night May 10th., the U. F. W. A. has been invited. A program is being arranged and an interesting time promised.

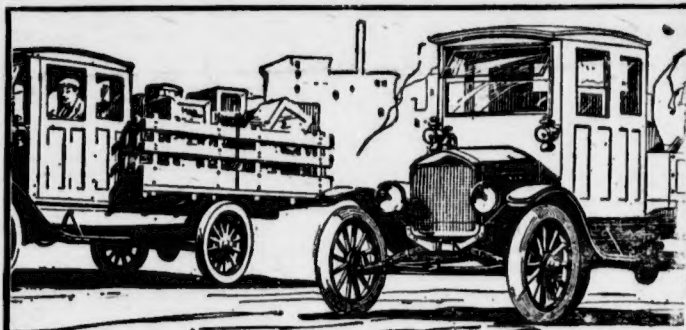

'The Ladies Peace Club' will hold a sale of aprons, different size and color on Saturday May 17th. Tea will be served commencing at 3 o'clock until late in the evening. There will also be a sale table of home cooking, all donations will be appreciated.

Something seemed to be wrong around town for a few days and come to find out Duke Armstrong was up in Calgary just returning on Thursday morning.

The Oddfellows will attend divine service in the church at seven o'clock on Sunday evening, the brethren in the hall at six o'clock.

Post Office Inspector Stewart came in on Thursday to make the transfer of the office to the new postmaster, Mr. McQueen.

There is quite a little excitement being worked up over the tractor demonstration on May 17th. (postponed from May 3rd) as it is rumored there is apt to be rivalry in the field.

OPPORTUNITY for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Motor Transportation, now reduced to a low-cost basis, gives retailers a great opportunity for business growth because it widens their trading area.

The Ford One-Ton Truck makes available this opportunity. It is Motor Transportation at low cost—low first cost, low maintenance cost, low operating cost.

A small outlay will motorize

your deliveries and open to you the opportunity for business expansion.

Complete Trucks—Two Standard Bodies

Ordinary hauling and delivery work can be best adapted to two standard types—the Stake Body and the Express Body.

These two body types are kept in stock ready for immediate delivery. They insure the maximum efficiency from the Ford Truck.

Both types have the Enclosed Cab with the two-way windshield which gives the driver proper protection from the weather.

See these complete trucks. Seize the opportunity to enlarge your field of business. Let us solve your delivery problem.

IT'S TIME TO RE-TIRE

Not in the old sense of meaning, but with good, new Goodyear, Diamond or Dominion tires. It does not pay to run on badly worn tires. It's hard on the nerves, the car and the pocketbook. The Ford Garage offers you exceptional tire service. We sell at the same price, put the tires on and then provide you a free air service---it's all yours for the taking.

WE CAN FURNISH YOU WITH STORAGE BATTERIES FOR ALL MAKES OF CARS.
BATTERIES RE-CHARGED, REPAIRED AND RE-BUILT

Ford Cars and Repairs

Auto Accessories, Tires, Gas,
Oils---Free Air Service.

New Price List on Parts

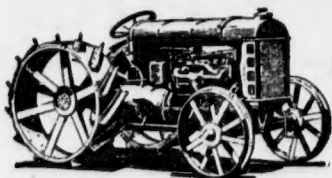

The Ford Company, by post-war conditions, is making a new repair price list which will mean quite a saving to the owners of Ford cars.

Repair Work

Mr. Donily has taken over the floor space in the rear of the garage and our patrons are invited to avail themselves of this service.

"Chevrolet" and "McLaughlin" Repair Parts

Stocked at Lomond and Travers.

The Ford Tractor

This is a machine you should investigate at once. Low in price---high in durability. Call in and get information on this "little wonder."

Acetylene Welding

---at the Travers Garage. We guarantee all our welding to be A-1.

MASSEY - HARRIS Implements

Seed Drills

I have just unloaded a car load of double and single disc seeders. The Massey-Harris seeder is notably a favorite in the West. Place your order now.

"Great West" Stubble Gangs

"Imperial" Gangs---Breakers and Stubble

"Golden Edge" and "Great West" Sulkies
in all sizes.

Disc and Lever Harrows

"Bayne" Wagons, a full stock

"Chatham" Fanning Mills

We have these mills in both hand and power sizes.

"Gray-Campbell" Buggies

---and Democrats, and we can take care of your extra and repair parts for this line of vehicles.

Fairbanks-Morse

"Z" Type Engines in 1½ and 3-h.p. sizes.

Power Washing Machines---the best and most convenient machine on the market.

Pump Jacks, etc., etc.

Samson Tractors

This staunch, powerful machine is a wonder in efficiency. It is built with a Red Seal Continental motor which is in itself a gilt-edged guarantee. If you are in search of satisfaction and economical farm power we would suggest an investigation of the "Samson." Demonstrators at both Lomond and Travers.

Y.M.C.A. Asking for Contributions for Commend- able Work

The Y.M.C.A. 1919 fund campaign will be held throughout Canada May 5th to 9th.

The objective of the campaign \$1,100,000.00, all to be used in Canada (including transport and Siberia).

The overseas service is still at its maximum and will continue till all soldiers have left for home, but the funds already available for that purpose are ample to complete the work. The funds raised in this campaign are to be used principally to serve returning soldiers from the time they embark till they are actually returned to civil life.

The programme includes Clubs, Hospitals, Camps and Barracks service for returned men especially wounded and disabled men.

Many other items are included in the services of the men while returning, and after they return.

The needs of the men in Siberia will have to be supplied.

None of the fund raised in this campaign is to be used by local organizations to meet regular expenses, but the budget provides for the work in outlying districts.

It also recognized the needs of the Y.W.C.A. and has set apart \$175,000.00 for that purpose.

It is not too early to begin on some of your Lomond Fair exhibits.

Plant 'em Now

Our potatoes are here and are going fast. This is a good time to get a start in Early Rose and Gold Coin varieties. There are also a quantity of good eating potatoes at a very reasonable price.

Seed, \$2.25 per cwt.

Table Potatoes - \$2.00 per cwt.

PAINT UP with "S.W.P."

WILLOW POSTS at 7½c.

Spring is here and it is up to you to fix up your fences, roofs, buildings, etc., and get ready for the summer by repairing and painting up. Paints, \$5.00 per gal. Linseed Oil, \$2.50 per gal.

CANADA WEST SCREENED LUMP COAL

\$9.00 per ton.

LOMOND, ALBERTA, MAY 9, 1919

NOTES

Now that the half holiday is an established affair, it will put the business men of the town on their honor for the proper observance of same.

o o o

And as far as the town's obligation to the country people is concerned, there can be no particular cause for complaint. The people from the country are as quick to appreciate the social advantages offered thereby as the people from the town. This fact was quite proven in 1917—the half-holiday was quite rigidly observed.

o o o

There is need for a coroner appointment at Lomond, and the McArthur case was ample illustration of the deficiency. There was no one closer than the Provincial Police at Vulcan that had authority to take up the remains, though a committee of citizens did usurp the letter of the law and bring the body in. It is hoped that need will seldom arise for such an official, but when a man qualified is at hand we should not be compelled to suffer merely through the lack of appointment.

o o o

The U.F.A. and Non-Partisan political organization is holding a convention of delegates from the Bow River constituency in Calgary on June 3rd. and 4th. Apparently the issue is the choosing of a candidate to contest the riding at the

forthcoming general election. Jesse Gouge, the former liberal candidate, maintains that this is but one of the union government schemes to divide the vote of the west so as to strengthen its own standing. Whatever it may be, there is one thing certain, and that is if the farmers want to get anywhere they have got to drop their old Bruce County party politics and all vote for the same thing at the same time, regardless of Sir Robert Borden, Jesse Gouge or any other established political organization. The farmer program must become inter-provincial with some cohesive substance in the platform to hold the masses out of the old "slough of despond." But by all means break away from the old-time grouch and radicalism.

o o o

Pray tell us why we should elect a government along party lines at all? An efficiency expert would term it a reckless expenditure of energy, to say nothing of the finances involved.

o o o

Government experts maintain that there is no legitimate reason for the present advance in the price of butter, and the Winnipeg Telegram infers that the cold storage interests are at the base of the affair.

o o o

Now is the time the bum roads are a real nuisance.

o o o

Though a great many in town have already performed their spring clean-up obligations, a few alleys and back yards still remain untouched. It's time now to get objectional rubbish out of sight.

o o o

Someone has defined initiative as the ability to do the right thing without being told to do so. Men with initiative use their brains to make the best of all conditions, and to take advantage of opportunities.

DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to
anyone—anywhere.
Heretofore, the benefits of electricity have been confined to
those who live in the larger towns and cities.
Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing
thousands of farm-houses with
brilliant, convenient, safe and eco-
nomical light.

It is furnishing power to operate
pumps, washing machines, churns,
cream separators, milking ma-
chines, vacuum cleaners, etc.

It is lighting country churches,
stores and public halls.

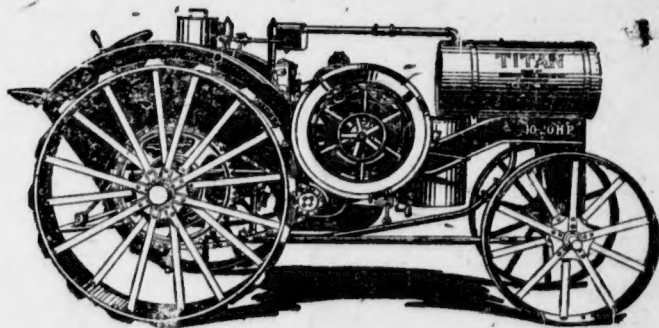

It is furnishing light and power to
summer homes and camps, to
houseboats and yachts, etc.

It is lighting rural railway stations
and construction camps.

It is lighting the camps of United
States troops on the Mexican
border and it is disclosing hereto-
fore undreamed-of beauties in the
depths of Mammoth Cave, Ken-
tucky.

Altogether, over 15,000 Delco-Light
plants are in operation, and Delco-
Light offices are to be found in al-
most every part of the world.

Delco-Light is a complete electric plant—the engine and dy-
namo in one compact unit combined with a set of spe-
cially built and wonderfully efficient batteries for the
storing of current. The plant is so simple a child can
care for it, and so economical that it actually pays for
itself in time and labor saved. It operates on either kero-
sene, gasoline or natural gas.

The 10 - 20 "Titan"

The most reliable tractor of the day. Operates
on all oil fuels from distillate (39 Baume) and
kerosene up to gasoline. It is easy to operate.
Any boy can safely run it with but a little instruc-
tion. Built to last. Economical and adapted to
all farm work. Repair service given at this agency.

Our streets are almost impassable. But it was "just what the country needed."

Our Movies are to be held every Wednesday night. A good program is arranged for the month of May.

BUT LET THE BOLSHEVIKS GO

American bankers are much alarmed over Bolshevik propaganda, which, they estimate, is very likely to induce 1,300,000 foreign born persons in the United States to return to their native lands taking with them savings amounting to possibly 4,000,000,000.

If native born citizens had per capita been as thrifty as the foreign born, there would be to-day no anxiety over the possible loss of a huge sum of money to foreign countries, for the American will stick to this continent.

If he sends money abroad it will be that the returns may come to his own country.

For Canadians the lesson is that all should save so that all, but a small fraction of the country's savings being in the hands of good Canadians, there may be no fear of the permanent loss to Canada of large sums through emigration.

War Savings and Thrift Stamps make it easy for even the humblest Canadian to save and thus concentrate the wealth of this country among the great mass of people.

Farmers, Attention!

TRACTOR Demonstration

POSTPONED *May 17*

The LAUSON Tractor Demonstration advertised to take place on Saturday, May 3rd., necessarily was postponed on account of the blizzard, but we have made arrangements to hold the demonstration on May 17th. Remember the place, just east of the R.R. tracks at Lomond, on the farm of George V. Couper.

NOTES

Member Halladay, in reply to a communication from the Lomond Board of Trade re the opening of the lease land north of Lomond, writes a very nice explanatory letter in which he states that only three small areas is in any way subject to cancellation and that only by giving two years of notice. Further, he states that this land was inspected by a government official who reported it as unfit for farming. When the Union Government started in winning the war it used the "order-in-council" pretty freely, and now in repatriation it forgets this little convenience. Here lies several thousands of acres of the choicest farm land in south Alberta right in the heart of an already settled district which might be given to returned men by a means fully as justifiable as that used in mobilization. We cannot be free from war time measures until repatriation is complete.

o o o

There has been considerable comment over the lack of respect shown over the dead at the time of the McArthur funeral. Near neighbors, pioneer acquaintances and many who had enjoyed favors at the hand of the deceased, were conspicuous by their absence. We owe

a few things to tradition and one of these is our obligation of tribute to the departed. It is an evidence of degeneration when we overlook the sacred rites taught us by the centuries gone before.

MORE THAN ONE ADVANTAGE TO BUYING WAR STAMPS

When the Canadian Government adopted the Thrift and War Savings plan, it took a forward step.

In no better way could it put at the disposal of every parent and teacher the means of teaching practical patriotism and thrift to the land.

It should be a part of every parents duty to give each child a Thrift card with a stamp on it, and to encourage the child to earn and save to fill up the card and exchange it for a "baby bond".

Each child who owns a twenty five cent Thrift Stamp has a financial interest in Canada. He owns a part of the land of his birth. He is lending his country money to recoup her war losses. The little stamps have put practical patriotism within the reach of the smallest child.

Not only is it a lesson in patriotism,

it is just as valuable lesson in thrift and the value of investment. The gradual growth of interest on his bond will be watched with increasing fascination and delight by the youthful bond owner.

And the Stamp scheme is by no means limited in value to the youth of the land. It is an excellent way for anyone no matter what his financial position, to "save just a little bit more." It is surprising how quickly one saves a considerable sum, a quarter here, a quarter there, each one a scarcely noticed expenditure.
